

Unbreakable, Design Mirrors from Stainless Steel

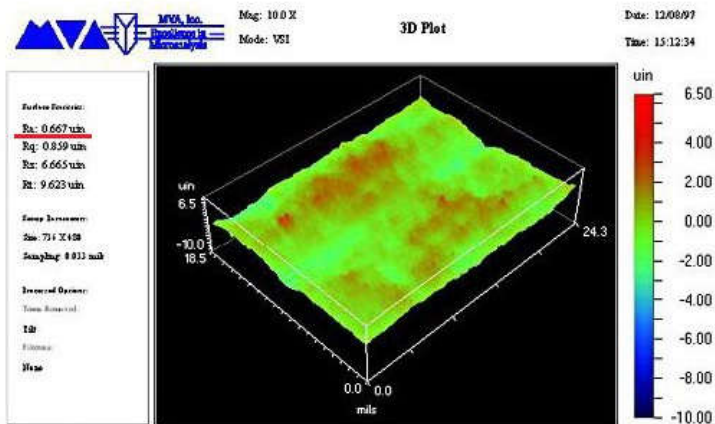

Due to the highest quality of our **N8s Mirror** finish ($R_a = 0.667\text{uin.} = 0.01\text{ micron}$) the reflection of our Stainless Steel Mirrors are on par with conventional Glass Mirrors.

In addition, the Stainless Steel Mirrors have undisputed advantages, like Safety feature (unbreakable) and ease of fabrication, which makes them a unique product.

Applications: Ceiling Mirrors / Wall Mirrors / Utility Mirrors / Tables made from N8s Mirror / Design accents
